

# Inclusion at Holy Cross Catholic Academy

Inclusion is about making sure all children can learn and get the best experiences out of their learning. At Holy Cross we work as a team to make this possible for all groups of children and their needs as shown below. The Inclusion Manager and Senior management team and Governing Body make sure our beliefs are possible.

Many children have English as an additional Language. We celebrate and build it into our curriculum. Children are supported in developing their English language at school in addition to

maintaining their other language/s within the home. We also have a big multi cultural week each year where our whole school community gets the chance to experience, learn and celebrate the variety of cultures within our school.

We are also there to support families in making sure that their children have a healthy school lunch. In addition to making sure that the children have the best learning opportunities possible.

All children have special qualities. Some children are gifted learners and are working at a much higher level in some areas or are talented in arts, music or sport

for example. These qualities are celebrated and supported through learning approaches and sometimes extra workshops.

We also provide for children who have a special need.

Staff work closely with each other and the families to make sure the children are getting the most out of their learning and are fully included. We believe in taking the dis out of disability and looking at the ability.

Another vital part of ensuring our children are happy in their

Learning and play is supporting their emotional Wellbeing. From one to one support for a wide range of needs to whole class relaxation.
