

Holy Cross Catholic Primary Academy

Disability Equality Scheme and Accessibility Policy

The school is committed to ensuring equal treatment of all its children, employees and any others involved in the school community, with any form of disability and will ensure that people with disabilities are not treated less favorably in any procedures, practices and service delivery.

We aim to develop a culture of inclusion and diversity in which people with disabilities are able to participate fully in school life. The achievement of children with disabilities will be monitored and this data will be used to raise standards and ensure inclusive teaching. Reasonable adjustments will be made to make sure that the whole school environment is as accessible as possible. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit the school. This scheme should be read in conjunction with our school policy: Equality Policy.

Definition of disability

The Disability Discrimination Act 2005 (DDA) defines a disabled person as someone who has 'a physical or mental impairment which has a substantial or long-term adverse effect on his or her ability to carry out normal day-to-day activities'.

- The DDA 2005 has also extended the definition of disability as follows: People with HIV, multiple sclerosis and cancer (although not all cancers) are deemed disabled before they experience the long-term and substantial adverse effect on their activities.
- Section 18 has been amended so that individuals with a mental illness no longer have to demonstrate that it is "clinically well-recognised", although the person must still demonstrate a long-term and substantial adverse effect on his/her ability to carry out normal day-to-day activities.

General Duties

We will actively seek to:

- Promote equality of opportunity between people with disabilities and other persons. Eliminate discrimination that is unlawful under the Act.
- Eliminate harassment of people with disabilities that is related to their disabilities.

- Promote positive attitudes towards people with disabilities.
- Encourage participation by people with disabilities in public life. It is also important to respect the wishes of children with disabilities so that they do not feel pushed into activities they do not wish to take part in.
- Take steps to take account of the different disabilities that people have, even where that involves treating disabled persons more favorably than other persons.

This is also known as the Disability Equality Duty (DED) and applies to all children with disabilities, staff and those using services provided by Holy Cross Catholic Primary Academy.

In addition to the above general duty to promote Disability Equality, Holy Cross Catholic Primary Academy has specific duties placed on it to:

- Appraise and update the Disability Equality Scheme every two years
- Report on progress annually
